

KIDS'  
**PLACE AND  
LIVEABILITY PLAN**

2050

**EXPLORE YOUR  
NEIGHBOURHOOD AND  
MAKE IT AWESOME!**

**Join us for a fun community adventure.**

# WHAT IS LIVEABILITY?

Liveability means making our city a great place to live, play, learn, and grow. It's about having:

- Fun parks and playgrounds
- Safe streets and friendly neighbours
- Cool places to hang out
- Easy ways to get around
- Clean air and green spaces

By 2050, we want Darwin to be a city where everyone feels happy, safe, and proud to live.

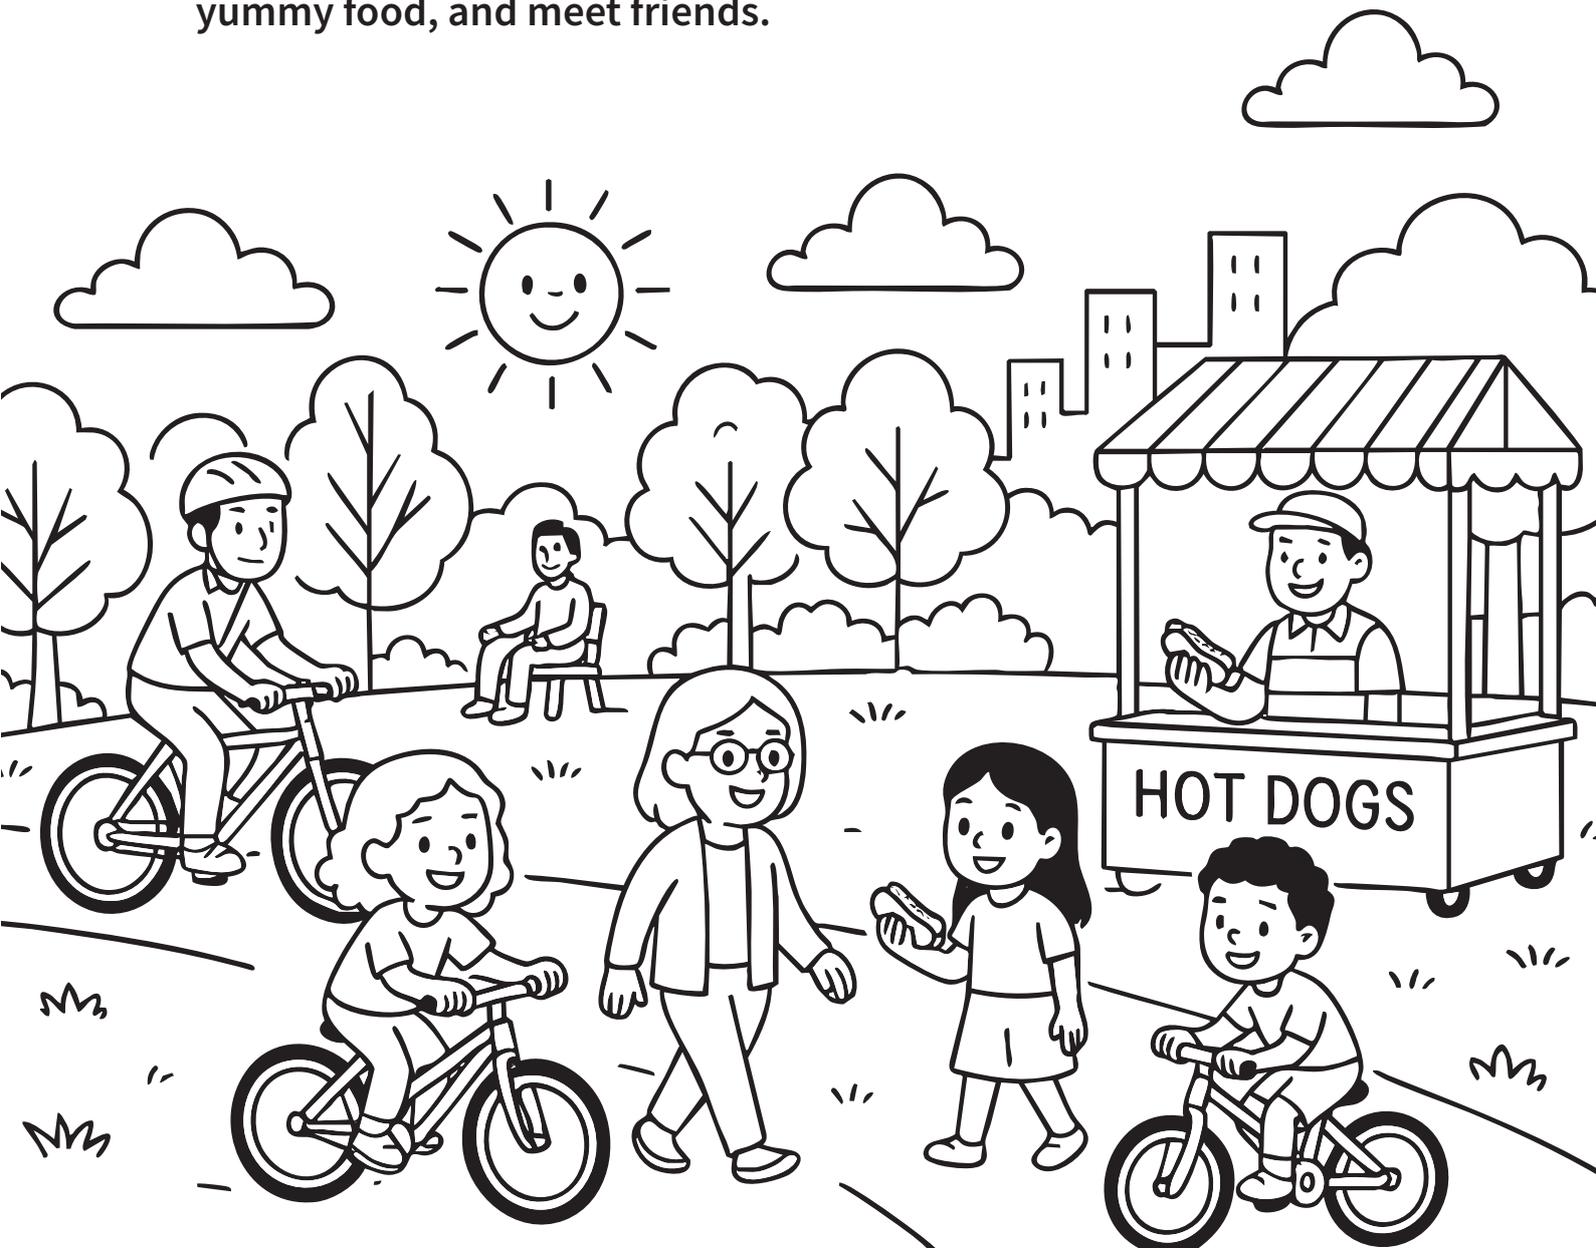

# OUR FOUR BIG IDEAS

We're building a better Darwin using these four big ideas:

1. **Happy Communities** - Everyone feels like they belong and can join in fun activities.
2. **Safe Spaces** - Streets, parks, and shops should be safe for kids and grown-ups.
3. **Cool Places** - Neighbourhoods should look nice and have places to explore.
4. **Fun Public Spaces** - More places to play, ride bikes, eat yummy food, and meet friends.

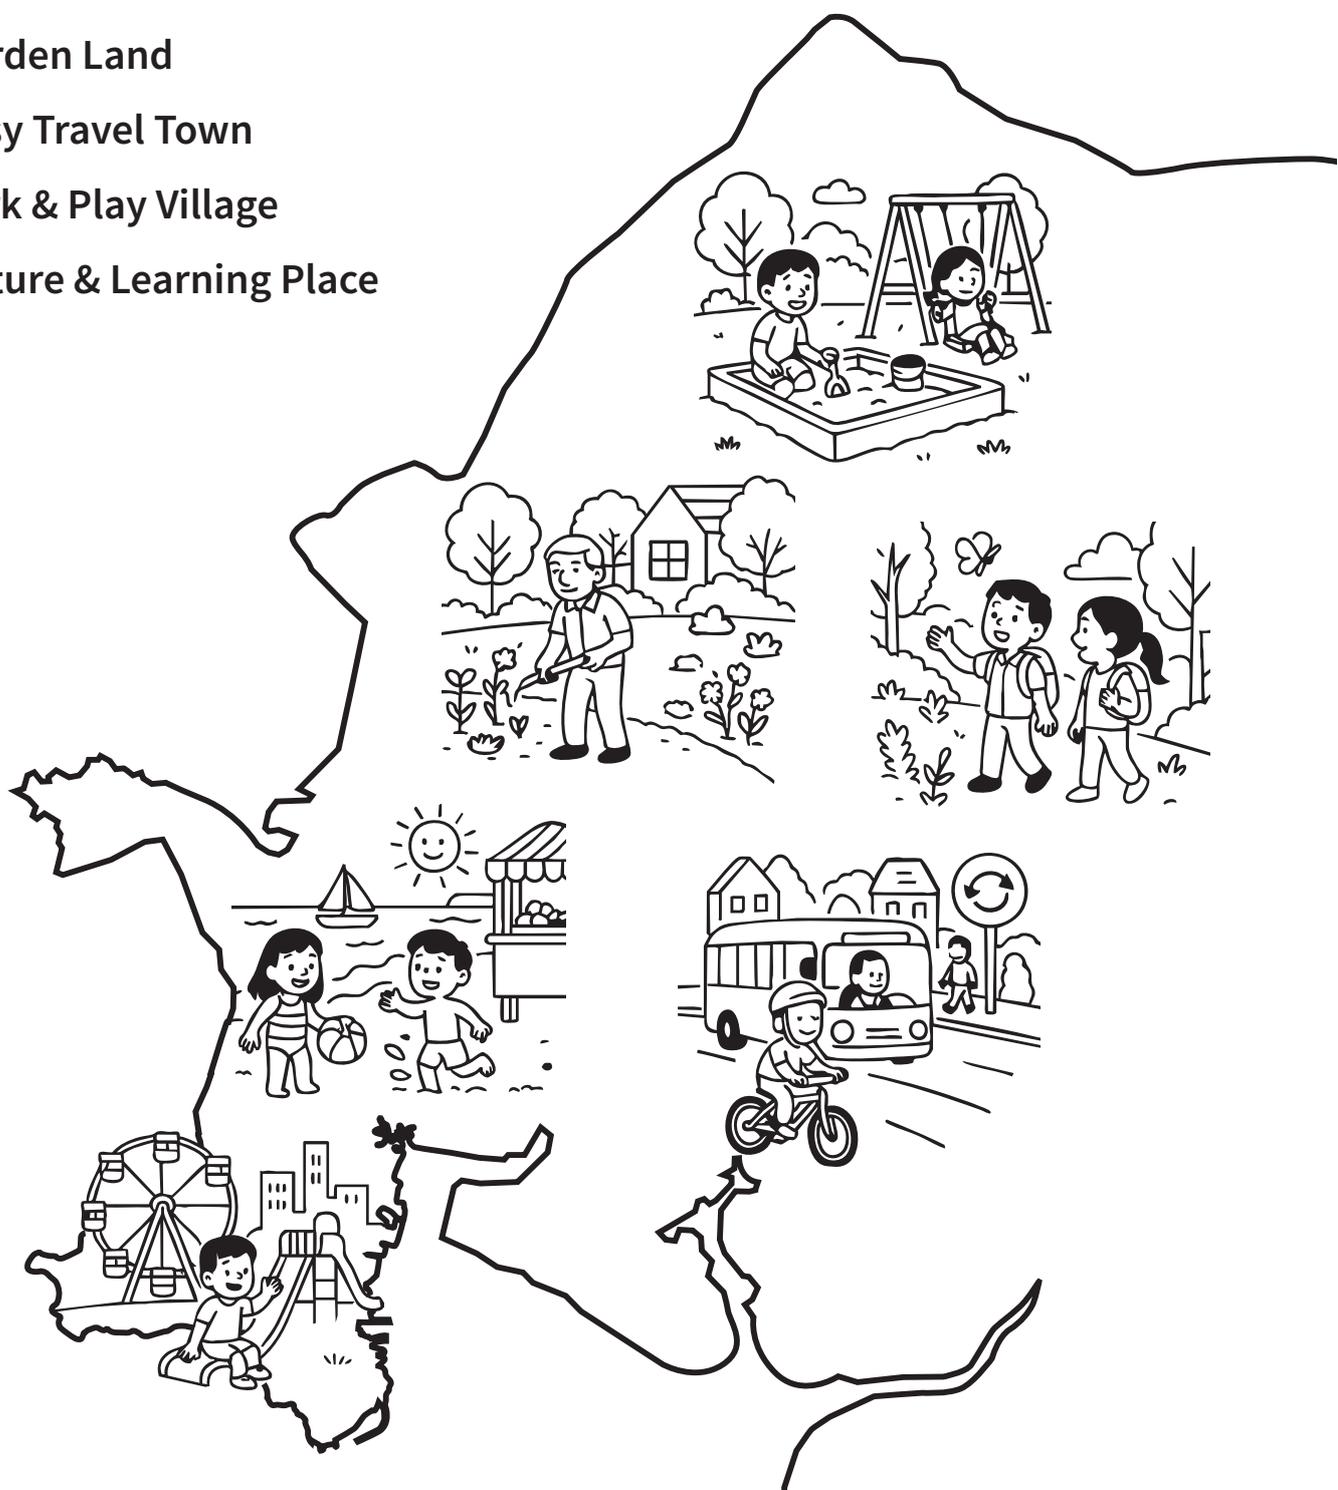

# MEET THE NEIGHBOURHOODS

We've given each area a fun name to help you remember them:

- City Fun Zone
- Beach & Market Town
- Garden Land
- Easy Travel Town
- Park & Play Village
- Nature & Learning Place

### CITY FUN ZONE

### BEACH & MARKET TOWN

### GARDEN LAND

### EASY TRAVEL TOWN

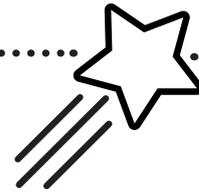

### PARK & PLAY VILLAGE

### NATURE & LEARNING PLACE

# OUR KEY GOALS

Here's what we're working on:

1. Be Friendly - Help people feel welcome and part of the community.
2. Be Safe - Make streets and parks safer with lights and clean spaces.
3. Be Proud - Make neighbourhoods look awesome with trees, art, and cool buildings.
4. Be Fun - Add more playgrounds, food trucks, and places to ride bikes.
5. Be Connected - Build better paths, signs, and transport so it's easy to get around.

# HOW YOU CAN HELP

Even kids can help make Darwin better!

1. Join community events
2. Keep parks clean
3. Share your ideas with grown-ups
4. Explore your neighbourhood and learn about it

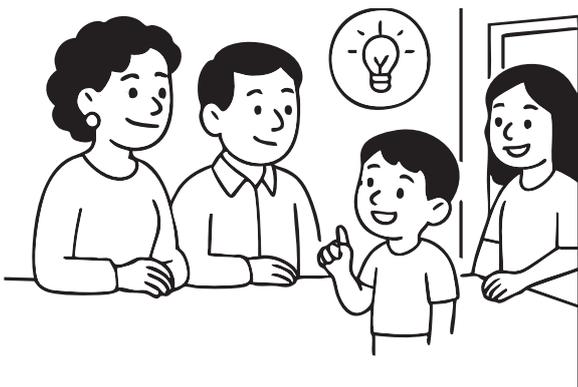

## JOINING COMMUNITY EVENTS

## KEEPING PARKS CLEAN

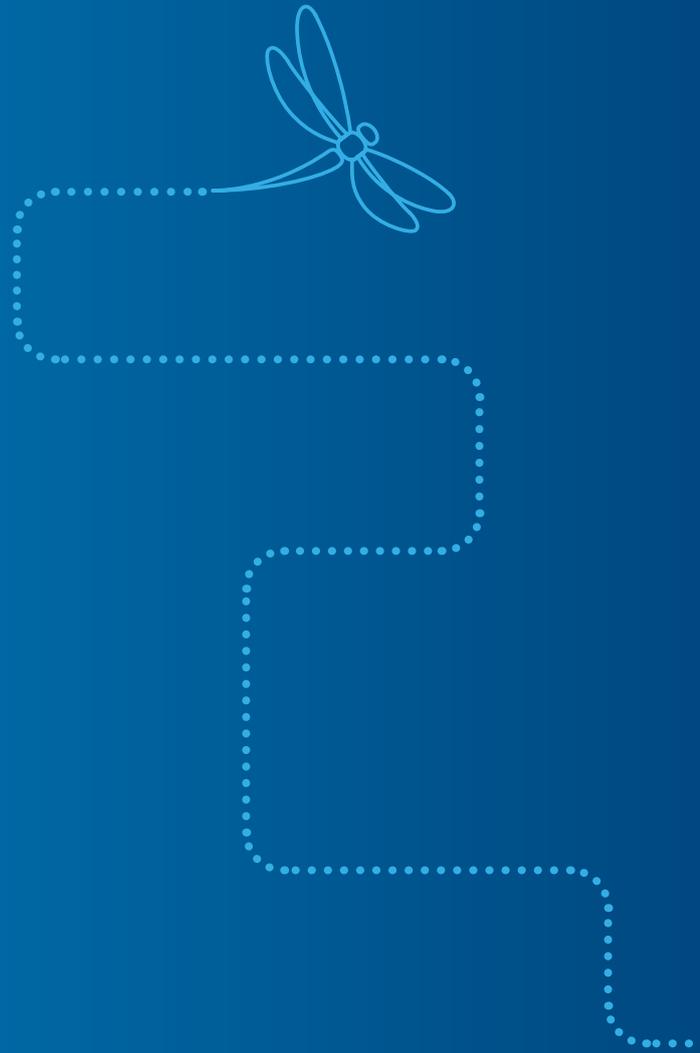

## SHARING IDEAS WITH GROWN-UPS

## EXPLORING A NEIGHBOURHOOD
